

Welcome to our Washington Parents Network...

Protecting children by empowering parents!

The purpose of our Washington Parents Network is to protect your fundamental right as a parent to direct the upbringing and education of your child - and to protect your child's right to have a caring and trusting relationship with you as their parent.

Forcing Kindergartners to use gender pronouns that do not match the biological sex of a person is more than just confusing. It is child abuse in that it is the first step that might send a vulnerable child down an extremely dark path. Even worse, telling children they should not trust their parents and they should even lie to their parents is certain to damage their essential relationship with their parent. **It is time to end the horrifying abuse of our children!**

We must organize and act to end state-sponsored child abuse

Our first mission is to provide you with information about this state-sponsored child abuse. For example, did you know that gender mutilation clinics have been set up in dozens of schools all across Washington state? Did you know that **at least 25 states have banned gender mutilation of their children – but that many Washington state schools are actively promoting it?**

Four Steps to end state-sponsored gender mutilation of our children

Step #1: Visit our website & sign up for our newsletter to get updates on coming events.

Step #2: Help spread the word by sharing this website with other parents, grandparents, school board members and concerned citizens.

Step #3: Attend one of our weekly online video conference organizing meetings.

Step #4: Organize a Washington Parents Network meeting in your community to help educate and organize local parents to end this horrible abuse of our kids.

Learn the answers to these questions and more by visiting our website:
